## What should we know about DSP kits?

- ✓ DSP kit can be bought only once, by one member. Members can purchase the DSP kit only at the registration. The eligibility period of 12 weeks is counted from the date of registration. The date of registration is the first day of the Eligibility Period.
- ✓ Each new member who has registered with a DSP kit has the possibility to sell the DSP kits in his eligibility period and enjoy 60% DSP Bonus.
- ✓ The bonus from DSP kits can only be paid, if a member achieves 100PV in the respective month
- ✓ The first level DSP Bonus of 60% of SV will be paid weekly but only once the member achieves 100PPV.
- ✓ At the end of the month, the system will search vertically up in the same line where three more DSP Bonus (10%,5%,5%) will be given to the closest uplines who have maintained 100PPV. Those who did not maintain 100PPV will not get the DSP Bonus.
- ✓ The discount value will be in the currency of the country, where the DSP kits are purchased and it can be only used in that particular country.
- ✓ The discount can't be exchanged for cash or used for purchase of any promotional package.
- ✓ Members can sell DSP kits also after the eligibility period, but they won't be entitled to 60% DSP bonus, only to other 3 DSP bonuses (10%,5%,5%), while other conditions followed.
- ✓ A new member, who was registered with the DSP kit, can use a 10% discount on further purchases, till his max discount value is used.
